

REVIEW REQUEST

To all those who read *St. Paul for the Perplexed*:

I would appreciate it if you would submit a short (5 or 6 sentence) or longer (as much as you want) review of the book to the Amazon.com website. Reviews are helpful in persuading prospective customers. Here are the directions:

1. Go to Amazon.com (not Amazon.ca as only the Kindle version is found there)
2. In the search window type in either my name (Charles P. Anderson) or the title (St. Paul for the Perplexed). That should bring up two images of the book.
3. Click on the top picture of the hardcopy to bring up a larger picture.
4. Click on the review line under my name. That will bring up the review page; follow instructions. Rate the book (on one of the five stars) and write the review. The requested title could be anything you want that is relevant to the review, including the short title of the book.
5. Preview the review and submit.

Many thanks.
