

Kamloops United Church has several funds that have been dedicated to different kinds of outreach by congregation members. Whatever you would like to do, there is very likely a fund to support it.

This is the process which is meant to support groups applying for funds:

1. Have a great idea, curiosity, flash of insight or divine inspiration.

2. Flesh it out. Figure out the logistics, timeline and how much the project will cost. If you need help, please approach the Minister or Admin. Manager.

3. Give your proposal to the Management Team which will review its viability from spiritual, logistical and financial perspectives. The Management Team might then ask for clarification or make suggestions on changes that will make the proposal more successful.

4. Management Team will decide how to present the idea to Council Circle.

5. Management Team will request the proposal be on the Council Circle agenda. Council Circle will review the proposal and make a final decision.
